Dear [redacted]

STAT

When I came back from vacation and found that [redacted] Bruce Clarke had persuaded you to join the Senior Review Panel here, I was most delighted. Just want to say "Welcome" in advance, and I look forward very much to working together when you come aboard. I do think there is an increasingly important role for the Review Panel, and your contribution to it will be most important.

STAT

With warmest regards.

Yours,

STANSFIELD TURNER
